Columbia, South Carolina 29211

RE: Application of Carolina Water Service, Inc. for adjustment of rates and charges  
for the provision of water and sewer service; Docket 2006-92-WS

Dear Mr. Terreni:

I am writing to you on behalf of Carolina Water Service, Inc. ("Company" or "CWS") to respond to the May 8, 2006 letter to you from counsel for the Office of Regulatory Staff ("ORS") in connection with the above-referenced docket. The letter from ORS submits a one (1) page document, signed by the York County Delegation Members ("Delegation"), at the request of Representative Ralph Norman. This document asserts that "despite repeated requests" CWS has failed to provide certain financial information "for each individual system." Based upon this assertion, the Delegation requests that CWS's request for rate relief not be considered or granted until such time as this information is provided.

CWS was requested, prior to the filing of the instant rate case, to make available to ORS certain information pertaining to only one part of its authorized service area in York County in response to a request of Mr. Norman. To the extent that CWS had such information available to it in the format requested, it was provided to ORS and, upon information and belief, to Mr. Norman.

CWS has filed with its application in this docket the information required under the Commission's rules and regulations. CWS has produced to ORS a wide variety of information and documents pursuant to data requests and audit requests. The Company's application and data request responses are provided to all parties of record in this docket. Even though the Delegation is not a party of record, the Company is certain that any public information on file with the Commission or in the possession of ORS (and not subject to confidentiality) pertaining to this docket is available to the Delegation.

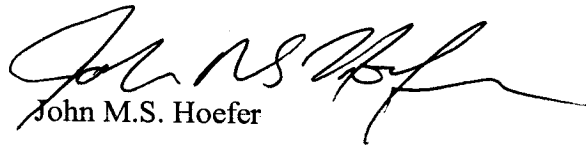

(Continued...)

As you are aware, only a party of record is entitled to engage in discovery and there is no requirement that a party create documents to respond to a request for production. Therefore, no basis exists to grant the relief requested in the document forwarded to the Commission by ORS.

Please let me know if you have any questions or require additional information.

Sincerely,

**WILLOUGHBY & HOEFER, P.A.**

John M.S. Hoefer
